

CARROLL'S CHRONICLE

December 2009—January 2010

We're on the Web!

www.cws.au.com

We are Carroll's Woodcraft Supplies, run by Jim Carroll and Irene Brook, Our main business hours are Monday- Friday 10am-5pm and Saturday 10am-1pm. We are closed Sundays, Public Holidays. If in doubt give us a call so as not to be disappointed.

We are a one stop shop for Wood turners, Wood carvers, Pyrographers, Scroll sawing and general woodworkers. If we do not have it in stock we can get it for you.

Here we are at the end of another exciting year. All things considered with the Global economic uncertainty I think we have come of rather unscathed.

We have had another exciting year in the shop as well as on the road getting out and about meeting everyone.

We are now readying ourselves for the Christmas break which we are really looking forward to. Having a rest catching up with family and generally overindulging.

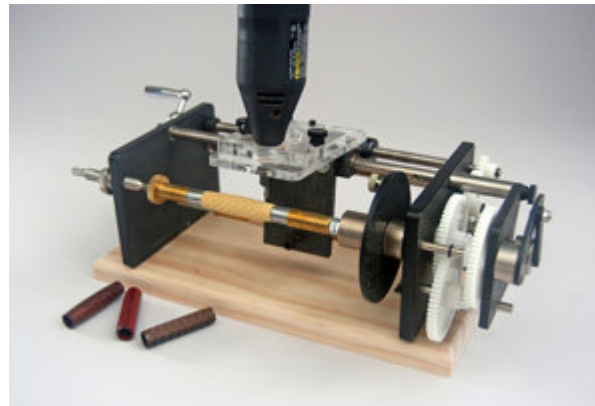

We would like to take this opportunity to thank every one of you and to wish you all a safe and merry Christmas and may all your new year wishes come true.

THINK SAFETY

BEALL PEN WIZARD

Yes now available here in Australia, lets take your pen turning to a new level

Used in conjunction with your Dremel, Proxxon or Foredom machines you are now able to cut groves on multiple angles and designs to suit your self.

Also available is the 60 degree cutter and the rope cutter, use your dremel cutters to form all sorts of designs.

KING ARTHUR TOOLS

Yes the Lancelot and Merlin Chain saw cutters will be here very soon.

We will have new stock in the New Year.

The Lancelot is a 100mm disc and the Merlin is a 50mm disc with a chainsaw chain around the outside to be used for power carving sculptured forms or as some do in forming their rocking horses.

The 100mm disc has a 16mm or 22mm bore so can be used on 4" or 4-1/2" grinders.

The 50mm disc can be used on the mini Arbortech or the Proxxon long neck grinder.

Also coming is the holey discs which as the name suggests have a series of holes in the discs so you can see where they are cutting, very good when working up to a line. They are available in a flat shape and a round shape.

Igrain flap sanding discs are a new addition also in that they are a long and hard wearing disc for your final sanding.

CHRISTMAS OVERSTOCK

Due to coming home from the Brisbane Hands On Show with too much stock we are clearing stock to fill your Christmas stocking. We wont list all the items but if you want something give us a call or email to check availability. Remember to do this before the 20th of December to make sure of delivery before xmas.

TORMEK
