

# CARROLL'S CHRONICLE

JUNE—JULY 2009

1/6/2009

We're on the Web!

**www.cws.au.com**

We are Carroll's Woodcraft Supplies, run by Jim Carroll and Irene Brook, Our main business hours are Monday- Friday 10am-5pm and Saturday 10am-1pm. We are closed Sundays, Public Holidays. If in doubt give us a call so as not to be disappointed.

We are a one stop shop for Wood turners, Wood carvers, Pyrographers, Scroll sawing and general woodworkers. If we do not have it in stock we can get it for you.

Ok so half the year has gone already, all the local shows are done and we have been to a very wet Brisbane. The new organisers EEE have listened to what everyone has said and implemented changes to make the show better for you and us.

Sydney is just around the corner so we are gearing up for this as we write this newsletter.

We have some new pen cases for you to carry your pens in, like a valise in 12 or 24 pens.

We have had a great result from the Vicmarc Escoulen Chuck for those that want to get into of centre turning, we now have the DVD which makes learning how to use the chuck so much easier.

Terry Scott from New Zealand was with us in Brisbane and he met and talked to a lot of people about the Vicmarc and Woodcut tools, he has agreed to come to Sydney and demo there so this is your chance to ask all the questions about how he does some of his magnificent work.

## VICMARC ESCOULEN ECCENTRIC CHUCK & DVD

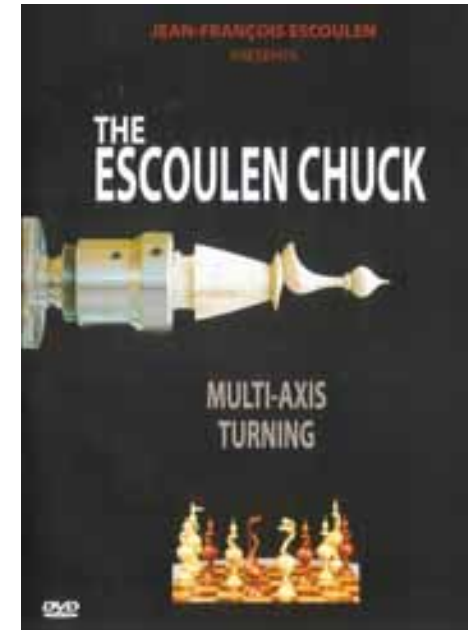

The Escoulen chuck takes your turning to the next level allowing you to do offset turning on spindles and faceplate work. There is 3 offsets on this chuck  
1; Up to 30mm offset from centre.

2; rotation of up 360 degrees  
3; 12 degree tilting offset.

The chuck comes with the 40mm cup chuck and there is smaller and larger chucks and a faceplate

to allow a large amount of work to be produced.

The DVD covers the use of the Escoulen chuck version 1. All the projects are easily done on the new version 3 chuck and makes the learning a lot easier than the written instructions.

You are shown in detail how the chuck works and step by step demonstrations on turning a spoon, a decorated box and a bowl.

The DVD goes for 141 minutes and covers a lot of detail so it is easier to watch and learn then try for yourself then go back and learn again.

The DVD is \$50.00

## THINK SAFETY

## PEN PORTFOLIOS

Here is another alternative for carrying your pens. These soft leather portfolios are a classy way of showing of your pens. They are held securely with an elastic strap and the cover protects one layer from the other.

They are not suitable for the standard slimline pens, they suit the larger Pen1F , streamline or larger pens.

They are available in 12 case or a 24 pen case.

12 pen case \$19.95  
24 Pen Case \$26.60

*We get a great response from you in regard to having our newsletter emailed. If you have not yet replied please email us with your email address to. [carrolls@pipeline.com.au](mailto:carrolls@pipeline.com.au)*

# VICMARC VL200EVS LATHE

The Vicmarc VL200EVS lathe allows you to swing a 400mm bowl blank or spin a 1m spindle with ease. The electronic speed control gives you great control over your work in having the ability to turn the piece at the optimum speed.

The lathe comes complete with the stand as in the picture.  
We have a special on these lathes not to be missed

## \$4900.00

or if you need a new chuck a VM100 with the lathe for

## \$5000.00

rrp on lathe \$5805.00 or including chuck \$6041.00 so big savings to be had.

### Sydney Show demonstrations

**Terry Scott** New Zealand , Woodcut tools and accessories and Vicmarc lathes  
**Ken Mangel** QLD Vicmarc Escoulen Eccentric Chuck and Vicmarc lathes & Accessories.  
**Chris Hortop** SA "U Beaut" Finishes and Rotary Sander on Vicmarc Lathe.

These 3 demos will be running continually through the show so stop by and say hello and learn more about these products and all the other bits and pieces we will have on hand.
