

CARROLL'S CHRONICLE

OCTOBER-NOVEMBER 2009

We're on the Web!

www.cws.au.com

We are Carroll's Woodcraft Supplies, run by Jim Carroll and Irene Brook, Our main business hours are Monday- Friday 10am-5pm and Saturday 10am-1pm. We are closed Sundays, Public Holidays. If in doubt give us a call so as not to be disappointed.

We are a one stop shop for Wood turners, Wood carvers, Pyrographers, Scroll sawing and general woodworkers. If we do not have it in stock we can get it for you.

October is here again and that means the Melbourne Working With Wood Show. For us this is the biggest show of the year and we try to have all on board for displays and demos. This is the second year at the Melbourne Showgrounds and if last year is any indication and results from other shows this year we are all looking forward to a great show.

EEE have listened to everyone and have put in place new seating and better eateries, also pre entry purchasing of tickets so no waiting in long queues outside

We will have Brendan Stemp demonstrating on the Vicmarc Lathe with the Woodcut tools and accessories. Len Mengel will be demonstrating on the Vicmarc Lathe with the new Escoulen Eccentric Chuck.

"Robbo" will be demonstrating sharpening on the new BGM-100 Tormek sharpening jig as well as all the other Tormek Sharpening Jigs.

Come along and find out how sharp your tools should really be.

The New Omega Stubby SL-250 swivel Head Lathe will also be on show.

THINK SAFETY

SOREN BERGER HOLLOWING TOOL

The Berger Tool, designed by Soren Berger, a professional wood turner from New Zealand, is perfect for hollowing into end grain or cutting face grain. This tool is very useful when making small boxes, being able to make a flat box bottom cut with a 90 degree inside angle

Also available is the sharpening jig and this allows you to sharpen the tool easily

Hollowing Tool \$39.95
Sharpening Jig \$15.95

Watch Guillio Marcalongo demonstrate this tool and other Robert Sorby tools at the Melbourne Working With Wood Show

ROBERT SORBY SOVEREIGN TOOLS

As can be seen in the picture above the comfortable and evenly weighted handles work with a collet system so they can hold 3/8" or 1/2" shaft tools, there is also an adaptor to go down to 1/4" shaft.

All parts come separately so you can build on the system or utilise with tools you already have. We are taking forward orders now for delivery prior to the Melbourne wood show.

As an introductory deal we are giving a 10% discount of these rrp prices till the end of October 2009

16" Handle \$113.00	22" Handle \$126.35
1/4" Adaptor \$21.15	Side Handle \$23.80
RS100 Hollowing Tool \$86.75	
RS200 Hollowing Tool \$103.75	
RS300 Hollowing Tool \$118.65	
RS310 Hollowmaster Blade \$75.05	
RS230 Hollowmaster Blade \$87.80	
RS340 Hollowmaster Blade \$106.45	

ROBERT SORBY TIP HOLDER

Robert Sorby have developed a tip holder to make sharpening your scraper tips easier. Previously you had to try and hold the tips freehand, now the tip holder allows you sharpen the bits without burning your fingertips.

The tip holder can sit flat on the adjustable table of your sharpening system, You just need to adjust the table to the angle required.

14-621 \$13.30

TORMEK BGM-100 JIG

Tormek have moved from sharpening to grinding with the introduction of the BGM-100 Jig. This allows you to grind your tools to shape before going to your Tormek Sharpening Grinder, this speeds up the process for you to reshape a blunt or damaged tool.

The mount consists of the main arm and mounting bracket for your grinder. You make a block for the mounting bracket to sit on to suit your grinder. You are then able to use all your Tormek jigs on the grinder for the reshaping.

For those that have a different style of wetstone grinder the jigs can also be used on the BGM-100

Come and see “Robbo” demonstrate this handy piece of kit at the Melbourne Working With Wood Show.

24-141 \$127.00

We get a great response from you in regard to having our newsletter emailed. If you have not yet replied please email us with your email address to. cws01@tpg.com.au
